

BUREAU OF ENGRAVING AND PRINTING

FOR IMMEDIATE RELEASE

January 31, 1984

**BEP TO SELL UNCUT SERIES 1981A
\$1 SHEETS FROM ALL FEDERAL RESERVE DISTRICTS**

The Bureau of Engraving and Printing will sell uncut Series 1981A \$1 sheets, bearing the signatures of Treasury Secretary Donald T. Regan and U.S. Treasurer Katherine Davalos Ortega, from all 12 Federal Reserve Districts. Beginning March 1 with sheets from the Boston district, sheets from one district will be available each month in the Bureau's Visitors' Center and by mail.

"With \$1 bills of Series 1981A going into circulation soon, we felt there would be a demand for uncut sheets of that series, from all districts," Bureau Director Robert J. Leuver said.

Leuver noted that the Bureau will produce 5.9 billion currency notes during Fiscal Year 1984, an increase of 22 percent over the 4.6 billion notes produced in FY '83 and 32 percent more than the 4 billion manufactured in FY '82. "We have stepped up production, without significantly increasing costs, largely to meet the demand for high-quality currency for use in automatic teller machines, change machines, and other devices," he said.

The 1981A sheets will be available in 4-, 16-, and 32-subject sizes. The 4-subject sheets sold by the Bureau at numismatic and philatelic shows will be from the same district each month as those offered in the Visitors' Center and by mail.

Following the 12 sales months, there will be a make-up month in which persons could purchase sheets from any district. "This is for persons who may have missed sales in a previous month," Leuver said. "But the sheets will be available only as supplies permit during the make-up month as well as the 12 regular sales months."

The schedule is as follows:

<u>Month</u>	<u>District</u>
March	Boston
April	New York
May	Atlanta
June	Chicago
July	St. Louis
August	Minneapolis
September	Kansas City
October	Dallas
November	San Francisco

March	All districts (as supplies permit)

Prices of the currency sheets in the Bureau's Visitors' Center are: 4-subject sheets, \$5.50; 16-subject sheets, \$20.25; 32-subject sheets, \$38.00. By mail, 4-subject sheets are \$9.50; 16-subject sheets, \$28.00; and 32-subject sheets, \$47.00.

**BEP Selling Uncut \$2 Sheets
From Two Federal Reserve Districts**

The Bureau of Engraving and Printing has on sale uncut Series 1976 \$2 sheets from the St. Louis and San Francisco Federal Reserve Districts. The sheets may be purchased in the Bureau's Visitors' Center or by mail.

"The St. Louis sheets will be available through June and the supply of San Francisco sheets will be adequate for at least one year", Bureau Director Robert J. Leuver said. "After the supply of San Francisco sheets is exhausted, \$2 sheets from six other Federal Reserve Districts will be made available".

Mr. Leuver remarked that the Bureau, the world's largest security printer, will print a total of 5.8 billion currency notes during Fiscal Year 1984. This represents an increase of 22 percent over the 4.6 billion notes produced in FY '83 and 32 percent more than the 4 billion printed in FY '82. "We have increased production mostly to satisfy the need for top-quality currency to be used in electronic teller machines, change machines, and other devices," he said.

THE EAGLE

The intaglio print of an American Eagle was produced by the Bureau of Engraving and Printing for the 93rd Anniversary Convention of the American Numismatic Association being held in Detroit, Michigan from July 28 through August 1, 1984.

The original engraving of this American Eagle was executed by Master Engraver John Eissler in 1939 after a watercolor by William A. Roach. The engraving is from the archives of the Bureau of Engraving and Printing.

The print was produced on an antique intaglio hand press. The Eagle is printed in green ink on cream parchment stock.

This is the third and final American Eagle print in a series of three. The same printing plate was used to produce all three prints. The first and second Eagles were issued in brown and blue respectively. FUN '84 eagle prints sold at the show and through the mail totaled 2,025. While final figures are not yet available for the blue Eagle prints, 387 were sold at the MEMPHIS '84 convention.

The American Eagle prints were issued in a continuing effort by the Bureau of Engraving and Printing to broaden its educational exhibit program and to enhance communications with both collectors of fine engravings and the general public.
